# THE COINAGE OF SCOTLAND

ILLUSTRATED

From the Cabinet of THOMAS COATS, Esq., of Ferguslie  
and Other Collections.

BY

EDWARD BURNS, F.S.A., Scot.

3 vols., 4to., pp. xxiii, 365, xviii, 556, vi, with 79 plates containing 1547 *Figures of Coins*  
*engraved on Copper by M. Dujardin of Paris according to his process of Gravure Hélio-*  
*graphique; cloth, gilt tops (pub. £8 8s.).* **£2. 10s net**

VOL. I.—David I. A.D. 1124 to Robert III. A.D. 1406

„ II.—James I. A.D. 1406 to Anne A.D. 1707

„ III.—Plates and Descriptions of the Figures

THE present work contains a detailed description of almost every Scottish coin in the Ferguslie cabinet—the most extensive collection of Scottish coins in all the metals that has ever yet been formed, and to which a most important accession was made while this work was in progress, by the acquisition of the carefully chosen and extensive series of Scottish gold coins in the Carfrae collection, comprising some of the rarest pieces in the coinage.

Liberal advantage has been also taken of the examples in other cabinets, public and private, wherever they could illustrate the subject.

The Scottish coinage has thus been dealt with in the same manner as if the several examples of the different reigns had all been brought together in one great collection. Owing to the exceptional advantages thus enjoyed, it has been possible for the first time to treat the coinage of Scotland as a whole, and, while giving a more comprehensive view of this great national subject than has ever hitherto been attempted, to enter with great minuteness into the details.

Dear Sir:-

Your letter of February 28th together with Volume XIV of the Vienna Mittheilungen has been received. Your courtesy is very warmly appreciated - an action such as this touches the heart of a Librarian. May I presume upon your kindness to say further that our set is now complete save for Volume XV, and should you by any means secure, either bound or unbound, Nos. 152 to 163 inclusive we should be still further indebted to your kind interest.

I think I have written you before this that we should be glad to know if you learn of a set of Mionnet at a reasonable figure.

Yours very truly,

Secretary.

June 13, 1919.

Mr. Bernard Quaritch,  
11 Grafton St., New Bond St.,  
London,

Dear Sir:-

I should be glad to have you write me as to what chance there is of being able to secure copies of the following works, quoting an approximate valuation.

Luynes, H. de Essai sur la Satrapies et de la Phenicie, Paris, 1846. Also, Supplement. Listed in your catalogue 319, Nos. 1232-1233 at two pounds.

Luynes. In Nouvelles annales de l'Institut archeol. de Rome, sect. française, t. 1, 1836, p. 383 ff.

Luynes. /Metaponte. Fol., Paris, 1833.

Luynes. Choix de monnaies grecques. Paris, 1840.

Lenormant A travers l'Apulie et la Lucanie

Lenormant La Grande Grece 3 v., Paris, 1881.

Should any of the above be in your possession, and to be had for a reasonable sum, please send them without waiting to quote on them. Thanking you for any expedition you may be able to give this matter, I am,

Yours very truly,

Secretary.

P. S. Please address all parcels to the Society - not to me as Secretary.

July 23, 1919..

Bernard Quaritch, Esq.,  
11 Grafton St., New Bond St.,  
London, W. 1. England.

Dear Sir:-

Under separate cover I am sending you a bill of exchange on London, in payment of your bill of June 11, for the set on Mionnet, h 28-16-3 which I trust will reach you in due course. I beg to mention, in order to avoid a like occurrence in future, that owing to experience of the mails four of these volumes had the covers ripped from the body of the volume. A somewhat tighter packing will prevent the recurrence of this I feel sure.

I would also acknowledge receipt of the copy of the Essai sur la Satrapies et de la Phénicie, by Duc. de Luynes, which was ordered for our President, Mr. Newell, who is much pleased to secure such a good copy at such a reasonable price. I note you say that you will endeavor to secure the other titles mentioned. I think I wrote you in a former letter that I should like the two copies by Lenormant. Will you therefore, please write giving me your quotation on the other items before sending them to me..

May I ask you to quote me what you would be willing to offer for two volumes in Turkish, which are among our duplicates, one is Essai de Numismatique Ottomane by I. Galib Edheur, Constantinople, 1890, and the other is Ismel Golieb Catalogue of the Ancient of Islam in the Imperial Museum at Constantinople; Amawi and Abbas Catiph published at Constantinople 1894. The cover of this last volume is very slightly stained by moisture..

Very respectfully yours,

May 17th, 1920.

Bernard Quaritch, Ltd.,  
11 Grafton Street, New Bond Street,  
London, W. 1, England.

Dear Sirs:-

May I ask that you kindly quote me on any of the titles listed below which you may have on hand. I already wrote to Hoepli, of Milan, but he was unable to aid me. I should appreciate a quotation from you.

1. Lavagna. Topografia e storia di Metaponto.  
Naples, 1891.  
Note. This work is divided into five parts, and Part 5 is all that I need, if these parts may be procured separately. Therefore quote on Part 5 alone, if that is possible.
2. Pale. Hist. of Magna Graecia and Sicily.
3. Lorentz. De Veterum Tarentinorum rebus gestis.  
Lucca, 1838.
4. De Rebus sacris et artibus veterum Tarentinorum.  
Elberfeld, 1836.
5. Hollonder. De Rebus Metapontinorum. Gorringen, 1851.
6. Grosser Gesch. u. Alterthumer d. Stadt Croton.  
München, 1866.

Very respectfully yours,

Secretary and Librarian.

Bernard Quaritch, Esq.,  
11 Grafton Street, New Bond St.,  
London, W. 1, England.

Dear Sir:-

Permit me to call your attention to a condition, the avoidance of which may have emergency in future to your library.

When Mr. Edward T. Newell, the President of our Society, ordered two books to be sent here, one was the catalogue of the Burlington Exhibition of Classical Art. As these were not intended for our library, I could not make up affidavit to that effect, and duty was assessed upon them. Because, however, no memorandum of value was enclosed in the package, the Burlington catalogue was valued at eight guineas, and in addition to carriage costs there was a charge of six shillings for duty. Although I protested that this valuation was too high in my opinion, there was no redress possible.

You may perhaps know that packages addressed to individuals are held for duty although the individual may be a librarian. In consequence, it is well to avoid the issue by addressing consignments to the library of an institution rather than to the official in charge of it. This, of course, does not apply to the case in point. I merely mention that for your information in case you may not have had it brought to your attention.

Very truly yours,

Secretary and Librarian.

Sydney P. Noe Esq.

Dear Sir,

I thank you for your letter of the 16th Feby. On looking into the matter I find that Mrs. E. T. Newell ordered the Burlington Fine Arts Club Catalogue of Greek Art and another book, <sup>to be</sup> sent to the American Numismatic Society and I thought the books were actually for the Society.

As all books for Societies are duty free I do not always include invoices in the packages, and in this case there was no need for one as the books were included in the consular invoice sent to my clearing agents Tice & Lynch in New York.

As a matter of fact the correct value of the Greek Art was £8.8.0 and 16 shillings for the other book.

I am sorry you had difficulty in getting delivery of the books through my unconscious error in thinking the volumes were for the Society.

Yours faithfully,

op. Bernard Quaritch Ltd.
